

CONSTRUCTION UPDATE
THURSDAY, SEPTEMBER 1

Parking restrictions at Rockville Metro Plaza branch.

Dear member:

Due to continued construction adjacent to the Rockville Metro Plaza branch, the horseshoe in front of this branch is now scheduled to be closed beginning **Tuesday, September 6.**

What does this mean for visitors to the Rockville Metro Plaza (RMP) branch?

- **Parking will be limited to the building's indoor parking garage only.**
The outdoor surface lot off of East Middle Lane will no longer be available.
- To park your vehicle, please use the RMP garage entrance on Rockville Pike.
- The RMP branch is accessible from the main level of this garage. Parking is free for the first 20 minutes. **Please bring your parking stub with you to the branch so the parking fee can be waived should your branch visit last longer than 20 minutes.**

NOTE: We cannot validate parking for those members who park in the Rockville Town Square garage (blue facade) immediately adjacent to CVS and the RMP lot.

- The garage will be available during weekday branch hours and on Saturdays from 8:00am–2:00pm.

Thank you for your patience and understanding.
