

Bump-Up Certificate Rate Change

I want to take advantage of my one-time only* option on my bump-up certificate.

*You may, at any time during the certificate term, elect a higher rate that will be the rate then prevailing for the Bump-Up CD at the time you exercise the bump-up rate option. You can bump-up to the higher rate only once during the term. All changes to your Account arising from your election to change the Initial Interest Rate must be made in writing. No other changes will be permitted. **The new rate will be effective from the date NIHFCU receives notification of the election and will continue for the remainder of the certificate term.**
