

Due to recent service upgrades, the following are minimum device requirements needed to access NIHFCU Online Banking.

Current Minimum Operating System and Browser Requirements for Desktop Access:

Microsoft Windows 7 or higher using Internet Explorer 11 or later, or a current version of Firefox, or Chrome, or Microsoft 16.

Macintosh users must run an operating system that supports Safari 10 or 11, or a current version of Firefox, or Chrome

Current Minimum Operating System Versions for the mobile app:

- Android v5.0
- iOS v10.0

If you have any questions about your ability to access Online Banking due to your device, you may email remoteservices@nihfcu.org
